

**Do you need a new roof but cannot afford replacing it?  
If you meet our income limits we can help you.  
We have grants available through our roofing program.**

**Qualifications:**

1. Reside in the City limits of the City of Chattanooga.
2. Meet HUD Low to Moderate Income qualification (within 80% of area median income. For example a single person can not make more than \$32,700. Call for additional detail).
3. House must be owner occupied.
4. All City and County property taxes must have been paid through the current year.
5. Senior Citizens and disabled homeowners will get priority consideration.

The work will be done by professional contractors who will provide a five year comprehensive warranty on labor, material and installation. The program is through a five year forgivable grant. After five years the total amount of the grant will be forgiven.

We have a limited amount of funding for the roofing program. We will try to help as many people as possible this year. If we run out of money and cant help you this year, then we will put you on the waiting list for next year's roofing program.

For further information about qualification requirements and to request an application, please contact us.
